

P

PS4

The upstairs Den area is equipped with a Sony Playstation 4. To use the PS4 the TV must be set to HDMI2. To do this press the SOURCE button on the Samsung remote then use the ARROW buttons to select HDMI2 and press the ENTER button.

To turn on the PS4, press the PS button on the PS4 Controller, and the PlayStation logo should appear on the screen. Wait momentarily for the Home Menu to be displayed.

Navigate the Home Screen using the left Joystick or Arrow buttons, where you can access games, Netflix and other features. PlayStation Plus is accessible on this console, which provides a free games library; different every month.

To return to the Home Menu from an application, press the PS button. To turn off the PS4, from the Home Menu press the PS button, and navigate to either "Standby" or "Turn System Off."

The controller may be charged using the cable connected at the front of the console.
